

JEFFRI POLANCO

Missionary to the
**DOMINICAN
REPUBLIC**

"I must work the works of him that sent me, while it is day;
the night cometh, when no man can work." John 9:4

Dear Partner,

July-August 2015

Greetings! I hope and pray that his letter finds you doing very well and enjoying the blessings that the Lord bestows upon us each and every day.

These last couple of months were busy months that the Lord did great and mighty things. In July, I was able to preach a Summer Fun camp in Salisbury, MD for a supporting church **where many young children got saved**. Also, I was able to present my burden in a few local churches. In one of those local churches was a special man of God by the name of **Roger Sebrell whose church voted to take me on for support**. Also, I got a call a month later saying that God used my testimony and preaching that Sunday to call a young man to preach. Praise God for that! Continue to pray for my support level, **I have 31% coming in** and waiting on many churches to begin to send their promised support.

Also, the Lord provided a way for me to go to Dominican Republic and preach a youth conference in Quita Sueno for Missionary Steve Sidler. The Lord worked on those teens in a great way; **there were over 40 that got saved and many who dedicated their lives for the Lord**. Thank you so much for praying for that trip.

In the midst of all those great news, a great man of God passed away while I was in the Dominican Republic. Missionary Joshua Wesson was holding a VBS in MonteCristi where on the last day when the children were taken to the beach, a strong wave pulled everyone under water. He was able to pull in to safety three young boys but when he went back out; he and the last boy were pulled under water and didn't make it.

Brother Joshua Wesson had a big influence in my going back to my country as a missionary and through his ministry my little sister got saved. **Please keep the Wesson family in prayer**. Brother Joshua Wesson leaves behind his wife Joy, and his children: Kimberly, Stephen, Ashlyn, and Katlyn.
